Confirm someone's identity

For some passport applications, HM Passport Office needs someone to confirm the applicant's identity. This helps protect their identity and check the application belongs to the right person.

Who can do this

To confirm someone's identity, you need to:

- be 18 or older
- · and live in the UK
- and have a current UK passport
- · and work in or be retired from a recognised profession

You must have known the applicant, or the person making their application, personally for at least 2 years – for example as a friend, neighbour or colleague. Example recognised professions can be found on **www.gov.uk**

Who can't do this

You can't confirm someone's identity if you're related, in a relationship with or living at the same address as them. You can't do this if you work at HM Passport Office.

Your passport

If the applicant lives in and is applying from the UK, you must live in the UK and have a current UK or Irish passport.

If the applicant lives and is applying from outside the UK, you must have a current UK, Irish or other EU, US or Commonwealth passport (in order of preference).

How to confirm someone's identity

You need to complete the attached form and return it to the applicant. Please do this as soon as possible. We can't work on their application until their identity is confirmed.

When you complete the form, you need to:

- 1. Check the applicant's details are correct
- 2. Check the photo is a true likeness of the applicant
- 3. Provide your details and how you know the applicant
- 4. Sign the declaration

We may check your details and contact you if we have any questions.

For more guidance, go to www.gov.uk/check-url-extension

Confirm someone's identity

Applicant's details

Name

Patrick Michael Smith

Date and place of birth 30 September 2012, London

Home address 123 Fake Street, London, United Kingdom **Person making this application** Suzanne Angela Smith
